

Serving the Seamless Gutter Industry Since 1972

What does "Made in the USA" mean at Senox?

- 1. It means that American scrap has been recycled, melted, rolled, and painted into American-made coil.**
- 2. It means that American coil has been roll formed and stamped into American made downspouts, elbows and accessories.**

**Made by Americans supporting
the U.S. economy.**

At Senox, we...

- ★ Exclusively buy American-made aluminum, copper, and steel.**
- ★ Support the U.S. economy.**
- ★ Don't buy raw materials from suppliers who use foreign sources and then claim it's "made in the USA."**
